In particular, the delivery period does not commence to run until the Seller has received all information from the Purchaser which is required to effect delivery, or until the Purchaser has furnished proof that, if required, he has effected prepayment or provided a security, as agreed in the contract. If the delivery period will be interrupted by subsequent changes requested by the Purchaser, after agreement about the desired changes has been achieved, the delivery period re-commences to run.

The Seller shall have no liability to the Purchaser for any delayed delivery or non-delivery of the Products where this is caused without the Seller's fault. The parties explicitly acknowledge that late delivery does not entitle the Purchaser to cancel its order or any part of it.

6.3. The Purchaser undertakes to collect the Products on the agreed delivery date or when the Seller notifies the Purchaser that the Products are ready for dispatch (if no specific delivery date has been agreed). The Purchaser shall indemnify and hold harmless the Seller from and against all losses, demands, claims, damages, costs, expenses (including without limitation consequential losses and loss of profit, reasonable legal costs and expenses and VAT thereon)

After the setting and expiry of a suitable period, the Seller may withdraw from the contract and demand a lump-sum compensation instead of the performance in the amount of 20 % of the order amount. Both Parties may reserve the right to demonstrate greater or lesser damages.

6.5. The Products may be delivered by the Seller in one or more shipments, and invoiced separately. The price to be paid by the Purchaser is determined by the actually delivered quantity, whereby the agreed prices as well as these Terms, in particular the payment conditions pursuant to Section 4, apply accordingly to excess or reduced deliveries.

6.6. It is an obligation of the Purchaser to fully comply with legal regulation applicable to international or intra-EU sales and/or transfers of the Products, including but not limited to requirements and/or prohibitions regarding procedures or the purchase, transfer, use, resale of the Products. The Seller warrants to refund the price, to repair or replace free of charge (at its own discretion choosing to repair or replace) any of the Products found to be defective within the warranty period as a result of faulty materials or workmanship. This warranty shall not apply in the event the Products have been modified or repaired by persons other than the Seller or its authorized technicians, and have been operated, stored or maintained in violation to the Seller's recommended conditions of use. In any case, the Customer shall bear the additional costs of defect rectification incurred due to the alteration and improper maintenance or use, faulty installation or operation of the Products. The Seller provide no guarantee for the marketability or suitability of the Products for a certain purpose of use. The Purchaser shall be solely responsible to check whether the Products are suited for the intended purpose.

9.3. The Seller shall not be liable for any special, indirect or consequential loss which may arise, including the Purchaser's loss of profit, business revenue, goodwill, or anticipated savings.

9.4. The Seller's liability to the Purchaser is limited to the total paid price of the Products received from the Purchaser, and the Purchaser agrees that this shall constitute its exclusive remedy.

9.5. If the Products have been repaired or replaced by the Seller, the warranty period will expire at the end of the warranty period relating to the Products originally supplied.

9.6. If the Purchaser brings the Products (the warranty period for which has expired) to the Seller for examination or repair, the Seller shall be entitled to invoice the Purchaser and/or the Products replaced.

11. End-Use of the Products and related policies

11.1. The Purchaser undertakes to inform the Seller immediately with or upon the placement of the order by sending an email to the following address of the Seller info@altechna.com in case the Purchaser is planning or is aware or in any other way has reasonable ground to believe that the Products purchased by the Purchaser are or may be used for the following purposes: (i) in connection with the development, production, handling, operation, maintenance, storage, detection, identification or dissemination of chemical, biological or nuclear weapons or other nuclear explosive devices or the development, production, maintenance or storage of missiles capable of delivering such weapons; (ii) for a military end-use if the purchasing country or country of destination is subject to an arms embargo (for the purposes of this point, 'military end-use' means: incorporation into military items listed in the military list of member states of European Union; use of production, test or analytical equipment and components therefor, for the development, production or maintenance of military items listed in the military list of member states of European Union; or use of any unfinished products in a plant for the production of military items listed in the military list of member states of European Union); (iii) as parts or components of military items listed in the national military list that have been exported from the territory of a member states of European Union without authorization or in violation of an authorization prescribed by the national legislation of that member states of European Union (or otherwise as specified in consolidated and in force version of the Part 1 Article 4 of the Regulation (EU) 2021/821 of the European Parliament and of the Council of 20 May 2021 setting up a Union regime for the control of exports, brokering,
